## JUST FOR KIDS

### Activity Book

Collect at least four Yellowstone Park stickers for a free gift. Pick up a Kid's Activity Book at any Xanterra dining room. Contains games, coloring pages and other fun activities.

### Junior Ranger Program

Introduce your kids to the natural wonders of Yellowstone and their role in preserving them for the future. The Junior Ranger Program is free to children ages 5-12. Stop in at any National Park Service Visitor Center to enroll. After kids complete the requirements, they are awarded an official Yellowstone Junior Ranger patch by a park ranger!

### Young Scientist Program

Students can become Young Scientists! Purchase your self-guided booklet for \$5 at the Old Faithful Visitor Center (for ages 5 and up) or Canyon Visitor Center (ages 10 and up). You'll investigate the mysteries of Yellowstone by following activities in the Visitor Center and field. Once your investigation is complete, you will be awarded an official Young Scientist patch or key chain. This program is funded by the National Science Foundation through a grant to the Yellowstone Park Foundation.

## RANGER-LED PROGRAMS

Join a Yellowstone Park Ranger for educational programs including talks, walks, evening campfire programs and other activities. Programs are presented from Memorial Day weekend through September and during the winter season. Check at NPS Visitor Center desks, in the *Yellowstone Today* newspaper (distributed at the entrance station when you arrived) or online at [www.nps.gov/yell](http://www.nps.gov/yell) for more information on these programs.

## PRIVATE CUSTOM TOURS

We can build a special touring itinerary to meet your specific interests. You, your family and/or group of friends can spend the day or days on a private tour, going to places you want to go, based on your timing. You can leave the driving to us. We'll pick you up and drop you off at your in-park or gateway town. The touring vehicles include 4-passenger autos, 12-passenger vans, 13-passenger historic Yellow Buses and 36-passenger buses. Stop by the activities desk or call us at 307-344-5437 for further information and reservations.

## RAINY DAY IDEAS

- Visit a National Park Visitor Center and spend some quality time enjoying the exhibits and video programs.
- Pick up your mementos in the hotel gift shop while it's wet outside.
- Play a game. Puzzles and playing cards are available in the gift shop.
- Take a tour. While driving you can play "I Spy" with the family - how many different animals can you find? How many different license plates can you find?
- Select a comfy chair in the lobby of any of our hotels and curl up with a good book. Forgot your reading material? Our gift shop can help.
- The animals don't care if it's raining, why should you? Summer showers in Yellowstone are usually brief and refreshing, and can produce amazing rainbows. Grab your raincoat and enjoy Mother Nature at her finest.

## ON YOUR OWN

Take time to visit one or all of the Visitor Centers. Each has a unique theme and a Yellowstone Association book store. National Park Visitor Centers are located at:

- Mammoth Hot Springs - The Albright Visitor Center and Museum and all the red-roofed, many-chimneyed houses down the street from it were built by the U.S. Cavalry as Fort Yellowstone, an army post dedicated to protecting the national park. The Visitor Center houses a small museum with its major theme being the early history of Yellowstone. The museum also displays Thomas Moran artwork and William Henry Jackson photos. There is a theater in the Visitor Center showing video presentations every half hour in summer and on request in winter.

- Norris Area - The Museum of the National Park Ranger is located at the entrance to the Norris Campground. Formerly the Norris Soldier Station, exhibits in the building depict the development of the park ranger profession from its roots in the military tradition through early rangers and to the present array of NPS staff specialized duties. The Norris Geyser Basin Museum features information on thermal features and is located on the main walkway to the geyser basin.

- Madison - The Madison Information Station was built in 1929-30. This small building currently houses the Junior Ranger Station and a Yellowstone Association book store.

- Old Faithful - The Old Faithful Visitor Education Center, which opened in 2010, contains exciting new interactive exhibits explaining Yellowstone's rare thermal features and a Young Scientist room for visitors of all ages. The theater features frequent showings of park videos. Stop at the visitor education center for the next prediction for Old Faithful Geyser and a few other geysers or call 307-344-2751.

- Grant Village - The theme of the Grant Village Visitor Center is the fires of 1988 and the role of fire in Yellowstone. It has a theater and shows a presentation titled, *10 Years After the Fire*.

- Fishing Bridge - The Fishing Bridge Visitor Center and Museum is located one mile east of Fishing Bridge Junction on the East Entrance Road. Built in 1931, it is a National Historic Landmark and houses historic bird specimens and other animal mounts.

- Canyon Village - The Canyon Visitor Education Center features Yellowstone's supervolcano concept. Through interactive exhibits, animations, audio-visuals and real-time scientific data you will gain understanding about how Yellowstone's volcano, its geysers, hot springs and geologic history affects all life here.

- West Yellowstone Information Center - The West Yellowstone Visitor Information Center is located outside the West Entrance of the park and is managed jointly with the West Yellowstone Chamber of Commerce and the US Forest Service. It is a good location for visitors to get oriented to the park, forests and businesses available in the area.

## Wildlife Watching in Lamar or Hayden Valley

We think Lamar Valley and Hayden Valley are gorgeous (the animals seem to like it there, too). Depending on the season, elk, bison, bears, coyotes, pronghorn, eagles and wolves might be spotted. You may want to take along a lunch, just in case you decide to stay for a while. Leave early for the best chance of experiencing a beautiful Yellowstone sunrise and seeing the wildlife at their most active time of the day. Evenings are also great for wildlife viewing! Lamar Valley is a scenic 1+ hour drive toward the Northeast gate from Mammoth. Hayden Valley is a 10-minute drive south from Canyon Village or a 20-minute drive north from Lake Hotel.

## Star Gaze

If you ask anyone around here, we'll tell you that Yellowstone is about as close to heaven as you can get (in fact, it's a local call). When the stars come out it seems you can reach out and touch them. When the moon shines brightly on Old Faithful or Yellowstone Lake the night becomes even more magical. Get out there and take a leisurely starlit stroll you'll never forget. (Be sure to watch for wildlife.)

**WHEELCHAIR ACCESSIBLE  
VEHICLES**

We do have vehicles that are equipped to accommodate wheelchairs that may be used for tours with a 48-hour advance notice.

**ROAD CONSTRUCTION**

Yellowstone's National Park Service is improving our roads, and there may be some temporary closures and delays you should know about. Check the *Yellowstone Today* newspaper you received at the gate, stop by any NPS Visitor Center, or call the National Park Service at 307-344-2117 for details.

That later daylight adds a dramatic hue to the landscape, and wildlife tends to be more active in early mornings and evenings. This tour allows us to introduce you to an evening in the valley of the Firehole.

Through our Ecologix program, we incorporate sustainable practices in all aspects of our operation, from food to fuel, and from emissions reduction to renewable energy. You can help us protect Yellowstone in the following ways:

## Recycle:

For your convenience, we now offer in-room recycling containers for plastic, paper, glass, cardboard, steel and aluminum. Recycling bins are also located throughout the park. With help from visitors like you, last year we recycled over two million pounds of material and diverted more than 70% of our waste from entering local landfills!

## Choose Green:

When shopping in our retail gift shops, look for our "Sustain the Earth" logo. This designates sustainable products. And be sure to use or purchase a reusable bag! Our restaurants also offer a variety of sustainable choices including our locally raised meats and Marine Stewardship Council certified salmon and fair trade organic coffee.

## Conserve Energy:

When staying in the park's guest rooms, take advantage of the linen reuse program and be sure to turn off lights and heat when you leave the room.

**Be Green at Home:** Stewardship does not end at the national park borders. You can help protect Yellowstone and other national parks from the impacts of climate change and pollution by continuing these environmental practices at home.

For more information on Xanterra's commitment to environmental sustainability, we invite you to review our Sustainability Report located in most rooms and lodging front desks. - To expedite registration, please present confirmation form and vehicle license number at check-in. Registration desk hours are 8:00 am to 9:00 pm before Memorial Day and after late August, and 7:00 am to 10:00 pm during mid-summer. We encourage you to arrive during daylight hours and to allow for slower Park driving conditions. Late night arrivals should check the "Campsite Assignment Board" posted in the registration office window; please contact the registration desk the following morning before 9:00 am to confirm your arrival.

- There are on-going road construction projects in Yellowstone which may cause delays or road closures. Please consult the park newspaper for specific information or call the National Park Service at (307) 344-2117 for construction updates.

- Campsite assignment is made based on the type and length of camping equipment information indicated at the time of booking. **If you arrive with equipment different than indicated, it may not be possible to accommodate you. Please call in advance with any changes.**

- Special requests such as "adjacent sites, near restroom," etc., CANNOT BE GUARANTEED. We will do our best to honor requests; however, availability of sites offering requested features is often limited. Specific sites may be unavailable due to previous reservations, type of equipment, or resource closures.

- Accessible facilities are available. Please contact us with your specific requests, and we will do our best to accommodate you.

- Parties in group campsites must arrive and depart together. A designated leader will be responsible for registration and payment.

These passes are available at park entrance stations and visitor centers. Passes must be presented at the time of check-in. There is a limit of one campsite per pass holder. Pass discounts do not apply to group campsites.
